#### Questions and Answers for Clarification

The State has determined that it is in their best interest, and those of offerors, to provide all offerors questions and answers to any questions posed pre- and post-conference.

**Question:** How much funding is expected to be available for this program in 2007?

**Answer:** It is unknown at this time.

**Question:** How many awards are expected to be made and are there individual award limits?

**Answer:** It is dependent on the number of proposals received and the evaluation process. Award amounts will be based on budget.

**Question:** How much total funding was available in the previous year and how many awards were made?

**Answer:** Total funding was over \$900,000.00, with four awards made.

**Question:** Are matching funds required for this program? If an applicant is able to provide matching funds, will this be taken into consideration in the review process? Is there a preference for cash or in-kind contributions?

**Answer:** Awards are based on the evaluation criteria listed in the solicitation, Special Instructions to Offerors, page 9, item 3.

**Question:** Since different types of entities are eligible for this program, which types tend to receive funds or submit an application (i.e. local governments, state agencies, nonprofits, other types)?

**Answer:** A diverse group of entities submit proposals and receive awards.

**Question:** Does this program tend to be competitive in terms of requests made and those actually funded?

**Answer:** This solicitation will be awarded based on the evaluation criteria listed in Special Instructions to Offerors, page 9, item 3.
